

Arubabank recognizes and rewards the top selling car distributors for 2006

The management of Arubabank understands that car salesmen work hard, and also appreciates the business they send their way in the form of car loans. To celebrate a very successful partnership over the past year, the bank hosted a gala cocktail reception at the Crustaceans and Steaks restaurant on Thursday evening, October 19. Salesmen and bank employees mingled and enjoyed an evening of fine food and cocktails accompanied by the music of top performer Marisela.

The highlight of the evening was the announcement of the number one sales team, and individual sales representatives for the period of April to August of 2006, during the Aruba Bank "MEGA Riba Wiel" campaign. Juan David Yrausquin, Director of R.E. Yrausquin & Sons, NV, accepted the award for his team from Marcelline Richardson, Managing Director of Aruba Bank, which includes a complimentary dinner at the Blossoms Restaurant in the Aruba Resort, Casino & Spa for all his staff.

The top sales representatives for the year both hail from Stern Motors, distributors of Chevrolet on Aruba. Gershom Oduber, who won a trip to Pureto Rico for selling the most cars admitted that was the brand that was most popular and brought him his winning performance. Elimar Kock took the prize for a second consecutive year for attaining the highest florin total in sales. This won him an all expense paid vacation to Argentina.

Sales representatives from the various distributors enjoyed the evening, and by the example of Elimar and Gershom, were inspired to be winners next year. Congratulations to the winners and Arubabank for a successful campaign.
